Chaitanya Sharad Patil

Administrator - L3 | Senior Technical Support Specialist @ Wipro
| IT Infrastructure | ITIL & ITSM | iOS & Windows | Dedicated VIP
Specialist | Cybersecurity & Compliance
Mumbai Metropolitan Region

Summary

Experienced IT Infrastructure & End-User Support Professional with over 5+ years of hands-on experience in Desktop Support, IT Operations, System Administration, and Technical Troubleshooting across diverse enterprise environments. Currently working as a Administrator L3 (Desktop Support)/ Senior Technical Support Specialist at Wipro, supporting the client environment of Star India Private Limited. Throughout my career, I have developed strong expertise in managing enterprise IT infrastructure, providing executive and end-user support, troubleshooting complex hardware and software issues, and ensuring seamless business operations. I have experience working in high-volume support environments, handling up to 40+ support tickets per day while consistently meeting SLA targets and minimizing business downtime. Core Competencies • Executive / VIP / Leadership & Global Team Support • macOS, iOS, Windows, MDM JAMF & Intune • IT Operations & Service Delivery Management • IT Asset Management - LifeCycle, Vendor, Inventory, Procurement, IT Budget Planning • ITIL-ITSM- ITAM, Ticketing Systems & SLA Compliance, Incident, Problem & Change Management • Software, Network, Expert in Hardware Troubleshooting • Remote Support & Enterprise Collaboration Tools • Microsoft 365 Administration & End-User Support • Active Directory, User & Access Management Prior to my current role, I worked with organizations including Publicis Re:Source, CMS IT Services, Fencer Systems Private Limited, and OFFICEBING, where I gained extensive experience in Expert in desktop support, network administration, IT asset management, and enterprise technical support. I hold a Diploma in Information Technology from Bharati Vidyapeeth's College of Engineering and have continuously enhanced my professional capabilities through certifications in IT Service Management, ServiceNow, Technical Support Fundamentals, and Decision-Making Strategies. Currently, I am focused on advancing my career toward System Administration,

Cloud Infrastructure, and Modern Workplace Technologies by expanding my expertise in Windows Server Administration, Cloud Platforms, Automation, and Enterprise Infrastructure Management. I am passionate about technology, continuous learning, process improvement, and delivering reliable IT solutions that enhance productivity and business performance. My ability to combine technical expertise, customer-focused service, and strong communication skills enables me to collaborate effectively with stakeholders at all levels and contribute meaningfully to organizational success.

Experience

Wipro

2 years 1 month

Administrator- L3 | Senior Technical Support Specialist

January 2026 - Present (7 months)

Mumbai

I excelled in providing top-tier technical support to executives, ensuring optimal performance of their IT systems.

- Delivered expert support for both iOS-Mac and Windows users in a fast-paced environment.
- Managed IT infrastructure and Active Directory, enhancing overall system reliability.
- Focused on cybersecurity and compliance, safeguarding sensitive information for the CEO office.

ADMINISTRATOR L2

July 2024 - January 2026 (1 year 7 months)

Mumbai

- Delivered high-level VIP support to executives, including the CEO, CFO, and CTO, for Mac iOS and Windows systems.
- Diagnosed and resolved technical issues efficiently, minimizing disruption to executive operations.
- Collaborated with cross-functional teams to enhance support processes and improve user experience.

Publicis Re:Sources

Associate IT Local Support L1

April 2023 - July 2024 (1 year 4 months)

Mumbai, Maharashtra, India

Provided L2 desktop and end-user support across multiple Publicis agencies, ensuring high SLA compliance and minimal downtime.

Resolved P1/P2 escalations, handling high-volume tickets while maintaining quality and productivity benchmarks.

Implemented automation (PowerShell, batch) to streamline tasks like software deployment, system configuration, and health checks.

Mentored L1 engineers, improving first-contact resolution and knowledge sharing.

Partnered with global IT teams and vendors to resolve complex hardware, network, and application issues.

Led device refresh and migration programs, including OS upgrades, laptop replacements, and asset lifecycle management with zero data loss.

Maintained security, compliance, and endpoint governance standards while supporting audits.

Provided system administration for Windows and Mac, including hardware repairs, software installation, and OS patching.

Coordinated VIP support, multi-location issue resolution, resource allocation, and after-hours/field support.

Recognized for ownership, proactive problem-solving, and calm handling of critical incidents.

CMS IT Services

Senior Desktop Support Engineer

April 2022 - March 2023 (1 year)

Navi Mumbai

In my role at CMS IT Services, I delivered comprehensive IT support across India for BFSI and enterprise clients, including HDB Financial Services. I executed critical IMACD activities and managed escalations for over 1,500 users, ensuring smooth operations and high first-visit resolution rates. My

leadership of a team of engineers fostered improved ticket resolution and operational efficiency.

Fencer Services Pvt Ltd.

System Engineer

June 2021 - February 2022 (9 months)

Navi Mumbai

Delivered end-to-end IT infrastructure setup for multiple SMB and enterprise clients including desktop deployment, LAN cabling, router & switch configuration, and printer integration.

Independently handled field support and break-fix operations, achieving high first-visit resolution and minimizing client downtime.

Successfully executed AMC support contracts, maintaining systems with proactive maintenance and zero major compliance issues.

Led office IT setup and relocation projects, completing hardware installation, network readiness, and user onboarding within committed timelines.

Implemented data backup and recovery procedures, preventing data loss incidents for key customers.

Provided reliable remote and on-site troubleshooting, strengthening long-term client relationships and repeat business.

Assisted in hardware procurement, asset tagging, and inventory tracking, improving accountability and audit readiness.

Earned appreciation from clients for professionalism, quick turnaround time, and strong ownership mindset.

OFFICEBING | Offices for Everyone

Desktop Support Engineer/ Network Engineer

September 2020 - May 2021 (9 months)

Mumbai, Maharashtra, India

- Support and troubleshoot 300+ Linux systems and 40+ Windows systems.
- Resolved trouble tickets 30% faster than peers.
- Refreshed/replaced hardware for over 200 devices.
- Managed IT assets, network connectivity of servers, and communicated client

requirements.
